Human Sexuality and Sexual Behaviors

Sex is an important part of our everyday lives

From an evolutionary standpoint, sex is only for the perpetuation of the species

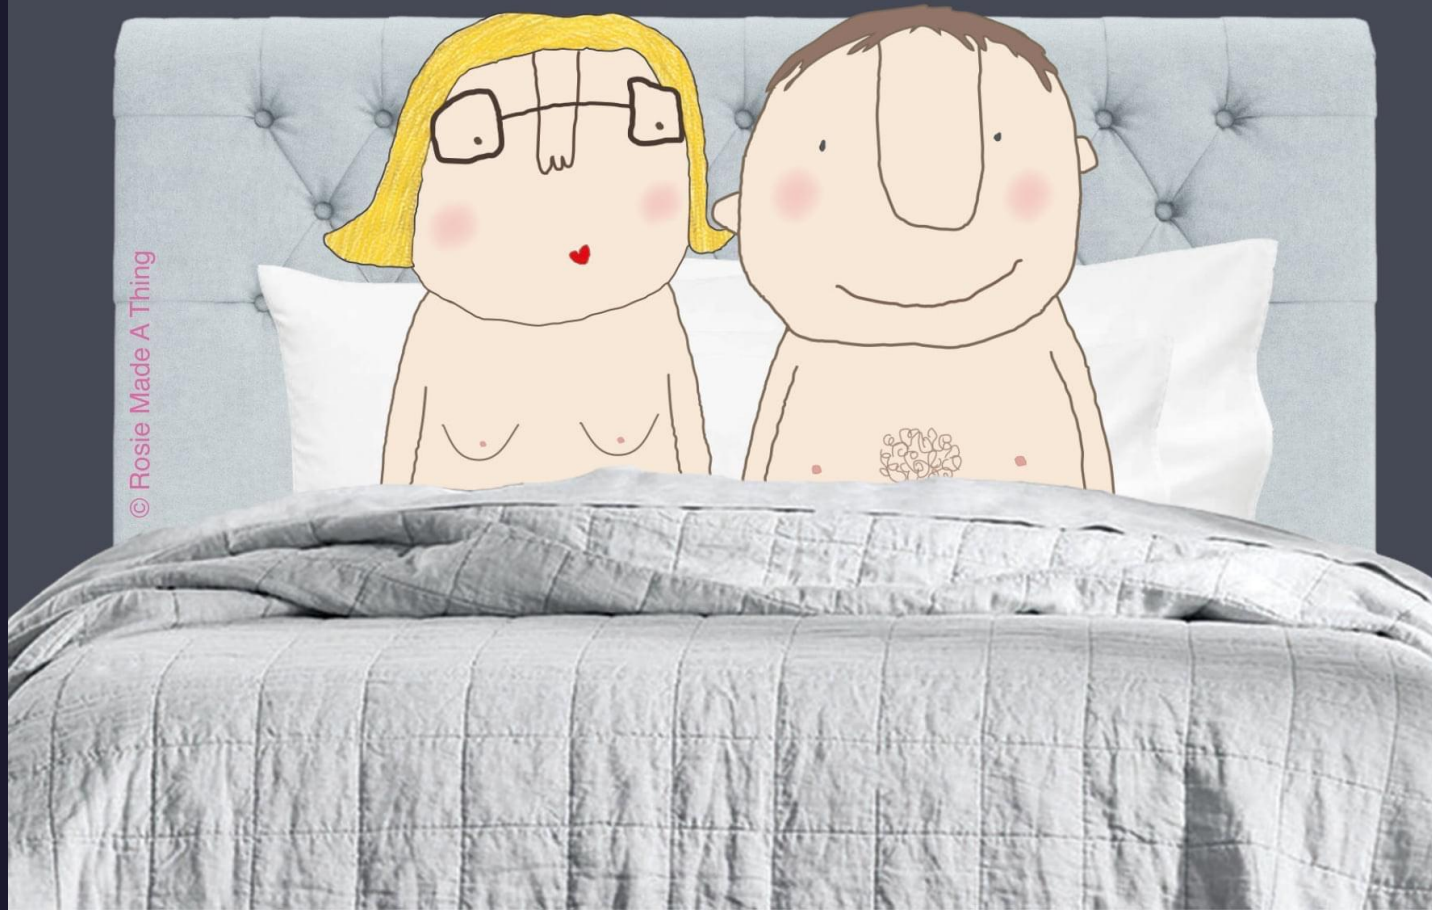

Open discussion of sexuality and sexual behaviors has remained a taboo topic throughout time

Discussion of people's wants, needs, behaviors, or preferences was not encouraged and considered improper for open discussion

Pansexual A person who experiences sexual, romantic, physical and/or spiritual attraction to members of all gender identities/expressions, not just people who fit into the standard gender binary.

Normal Sexual Behavior

What is Considered “Normal” Sexual Behavior

What Is Normal Sex?

The definition will vary with each person based on their beliefs and experiences

What is normal to one person may be offensive to another

Four Sexual Standards Used to Determine Normalcy

Robert Holmes determined there are four standards used to determine “normalcy” or what is considered normal when it comes to human sexual behavior

- Statistical
- Cultural Standard
- Religious Normalcy
- Subjective Standard

Statistical

- The decision of what is normal is made by the numbers
 - Ex. If more than 50% consider it to be normal, then it is normal
 - Can be dangerous because it can normalize criminal behavior

Cultural Standard

- Any society has a set of normal rules and regulations
- Community rules and state laws limit the actions and behaviors of its members
 - Often arise from society's needs at the time
 - The concept of deviancy also depends on the needs of society

- The Bible

- Sex is between a husband and a wife
- Man and woman
- Sex is romantic, tender, and passionate
- Sex is reciprocal

- The Book of Mormon

- Sex is reserved for a man and his wife
- Parents should teach their children that sexual feelings are normal, but reserved for man and wife

Religious Normalcy

Religious Normalcy

- Hinduism
 - Played a significant role in the history of sexuality
 - Published the Kamasutra
 - Traditional family- male in charge and the woman takes care of the household, common to have parents arrange the marriage
- Traditional Sexual Philosophy
 - Many feel is the duty of one spouse to the other
 - Not to be enjoyed but endured
 - Many believe that people should be married or committed

Subjective Standard

- Legitimizes the behavior, but on a personal level
 - Individuals rationalizing their behavior
 - Creating individual cognitive dissonance to the behavior

• EXAMPLES

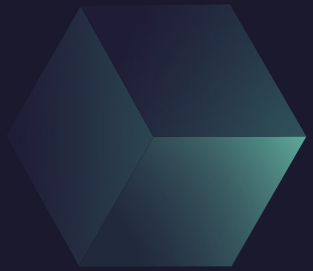

- You want to be healthy, but you don't exercise regularly or eat a nutritious diet. You feel guilty as a result.
- You know that smoking (or drinking too much) is harmful to your health, but you do it anyway. You rationalize this action by pointing to your high stress levels.
- You'd like to build up your savings but tend to spend extra cash as soon as you get it. You regret this decision later, such as when facing an unexpected expense that you don't have the money to cover
- You have a long to-do list but spend the day watching your favorite shows instead. You don't want your spouse to know, so you try to make it look like you've worked hard all day.

COGNITIVE DISSONANCE

THIS IS WHY PEOPLE GET UPSET WHEN THEIR BELIEFS ARE CHALLENGED

A MENTAL CONFLICT OCCURS WHEN BELIEFS ARE CONTRADICTED BY NEW INFORMATION. THIS CONFLICT ACTIVATES AREAS OF THE BRAIN INVOLVED IN PERSONAL IDENTITY AND EMOTIONAL RESPONSE TO THREATS. THE BRAIN'S ALARMS GO OFF WHEN A PERSON FEELS THREATENED ON A DEEPLY PERSONAL AND EMOTIONAL LEVEL CAUSING THEM TO SHUT DOWN AND DISREGARD ANY RATIONAL EVIDENCE THAT CONTRADICTS WHAT THEY PREVIOUSLY REGARDED AS 'TRUTH'

Elements of Sexual Behavior

The elements of sexual behavior are true for
normal or deviant sexual behavior

Fantasy

- Everybody has fantasies
 - They may not always be sexually based
 - Ex Fantasies of love, hatred, revenge, success et
- Fantasies will vary from person to person
- Every sexual being who is sexually active or wishes to be sexually active has fantasies
- Most fantasies will center on willing partners in consensual acts
- Males and Females have very different fantasies

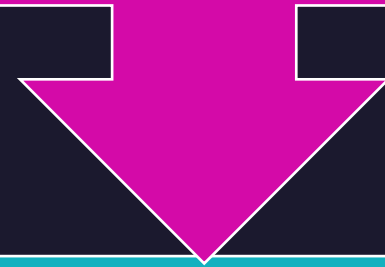

Men VS Women

Men will generally have
more visual fantasies

The unworlly, innocent Ana is startled to realize she wants this man and, despite his enigmatic reserve, finds she is desperate to get close to him. Unable to resist Ana's quiet beauty, wit, and independent spirit, Grey admits he wants her, too—but on his own terms.

- Shocked yet thrilled by Grey's singular erotic tastes, Ana hesitates. For all the trappings of success—his multinational businesses, his vast wealth, his loving family—Grey is a man tormented by demons and consumed by the need to control. When the couple embarks on a daring, passionately physical affair, Ana discovers Christian Grey's secrets and explores her own dark desires.

• Pornography

- US porn industry is estimated to be a 10-14 billion dollar a year industry
- Difficult to find exact numbers regarding the porn industry because of the varying definitions of what constitutes “porn”
- Skeptics of this figure because
“Pornography is an industry where they exaggerate the size of everything”

Dear user,

As you may know, your elected officials in Texas are requiring us to verify your age before allowing you access to our website.

Not only does this impinge on the rights of adults to access protected speech, it fails strict scrutiny by employing the least effective and yet also most restrictive means of accomplishing Texas's stated purpose of allegedly protecting minors.

While safety and compliance are at the forefront of our mission, providing identification every time you want to visit an adult platform is not an effective solution for protecting users online, and in fact, will put minors and your privacy at risk.

Attempting to mandate age verification without any means to enforce at scale gives platforms the choice to comply or not, leaving hundreds of thousands of websites open and accessible.

As we've seen in other states, such bills have failed to protect minors, by driving users from those few websites which comply, to the hundreds of thousands of websites with far fewer safety measures in place, which do not comply. Very few sites are able to compare to the robust **Trust and Safety measures** we currently have in place. To protect minors and user privacy, any legislation must be enforced against all platforms offering adult content.

Unfortunately, the Texas law for age verification is ineffective, haphazard, and dangerous. Not only will it not actually protect children, but it will also inevitably reduce content creators' ability to post and distribute legal adult content and directly impact their ability to share the artistic messages they want to convey with it.

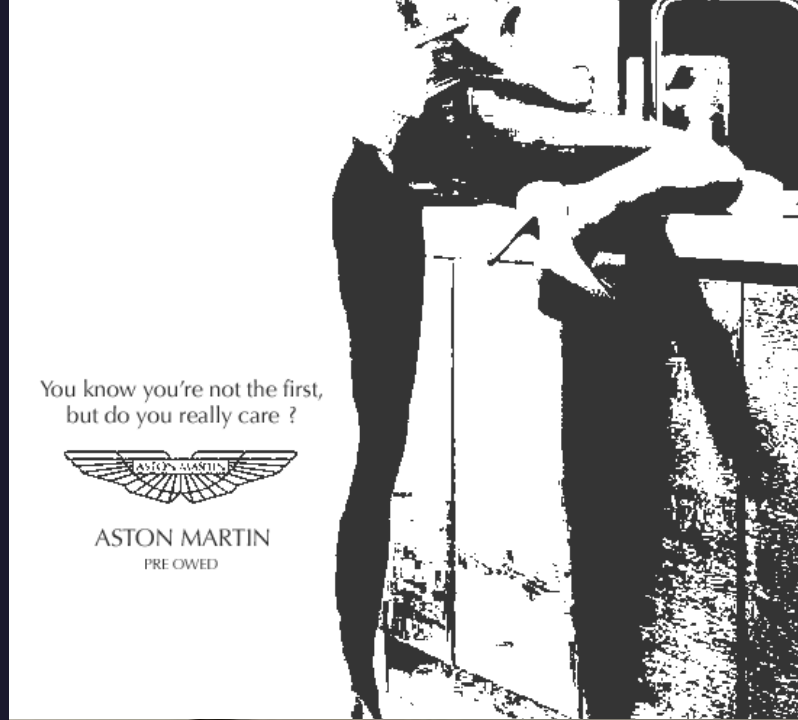

We call on all adult sites to comply with the law. Until the real solution is offered, we have made the difficult decision to completely disable access to our website in Texas. In doing so, we are complying with the law, as we always do, but hope that governments around the world will implement laws that actually protect the safety and security of users.

Different Cultures Throughout History

- Hebrew Family
 - Patriarchal
 - Polygamous
 - Sex was reserved for procreation and the pleasure of the male
 - Women were not to enjoy sex, their pleasure derived from raising children and taking care of the man
- Greek Family
 - Heterosexual sex was for marriage and procreation

- Society focuses on the sexual revolution of the 1960's, but forgets about its predecessors, 1920's
- For a long period of time, sex was considered to be the original origin of sin

The Roaring 20's

To praise sexual freedom was still considered outrageous

Many women entered the workforce due to World War I

Women got the right to vote

Birth control was unheard of and was not an acceptable topic of conversation

FLAPPERS OF THE ROARING 20S

The Sexual Revolution 1960's

- **Introduction of Birth Control**

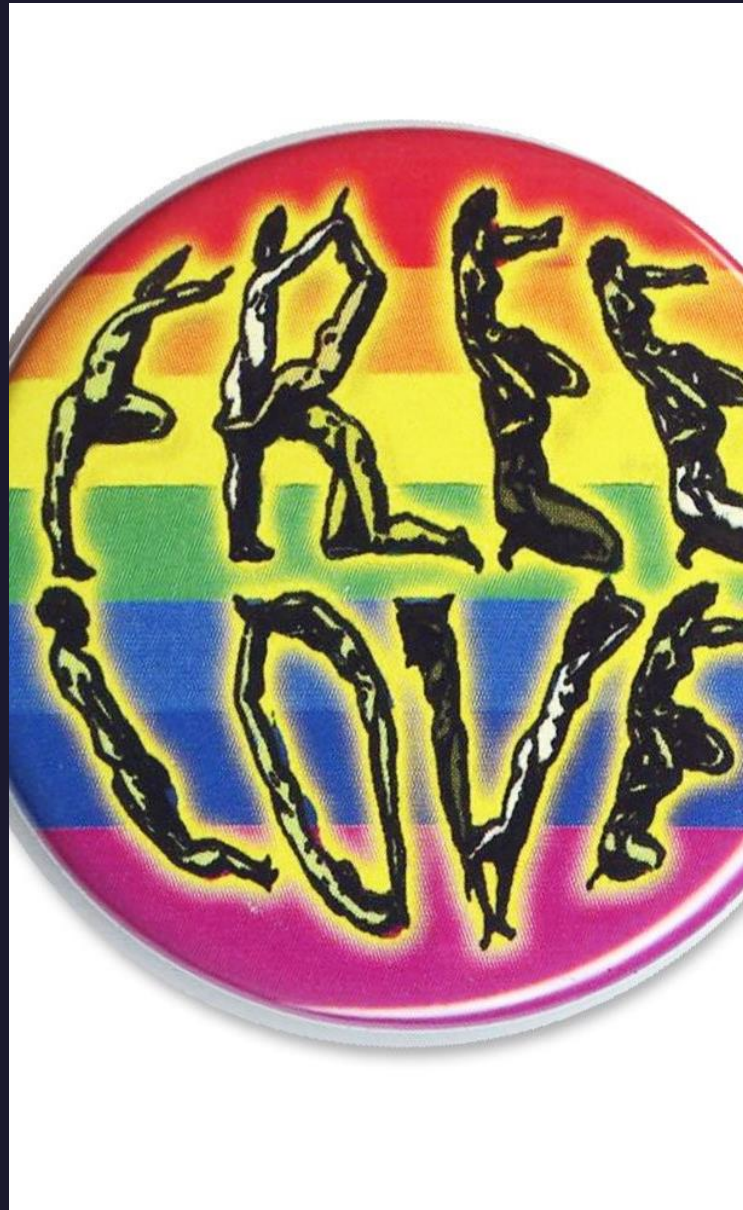

- In 1960 the FDA approved “the pill” and female birth control became widely available
- By 1963 an estimated 2.3 million American women were using the pill
- By 1964 25% of all American couples were using birth control

The creation and availability of the birth control pill and other methods of birth control changed the course of women's sex lives. For the first time women were biologically free to engage in sexual intercourse for recreation.

The 70's, 80's, 90's and Beyond

- The 1970's led to a more "Free Love" attitude

 - Cave art
 - Artistic drawings
 - Decorative pottery
 - Sculpture
 - Invention of the printing press 1441

- 1860's- 1977

 - Led to erotic photos and mass-reproduced images- to pornographic magazines
 - 1920's Stag films were commercially available for private viewing
 - 1970's- Feature-length pornographic films and peepshow booths

Pornography

- 1977- 1991

- Publications could be shipped directly to a private home
- VCRs make it possible to purchase or rent pornography and view it in the privacy of the home
- Cable television- soft core porn late at night

- 1991- 2004

- Home internet became widely available allowing for anonymous access to pornography
- Photos and videos catering to every sexual taste and fetish were readily available for anonymous viewing

- 2004- Present

CONSENT

Criminal Sexual Behaviors

- Paraphilic Disorders
 - Often misunderstood as a catch all definition for any unusual sexual behavior
 - DSMV lists 8 paraphilic disorders
 - What makes these criminal is the lack of consent

Disorder	Atypical sexual interest

Exhibitionistic disorder	Exposure of one's genitals to an unsuspecting person
Frotteuristic disorder	Touching or rubbing against a nonconsenting person
Sexual masochism disorder	Being humiliated, beaten, bound, or otherwise made to suffer

- DSM-5 requires that, for diagnosis, people with such interests exhibit the following:
- feel personal distress about their interest, not merely distress resulting from society's disapproval; or
- have a sexual desire or behavior that involves another person's psychological distress, injury, or death, or a desire for sexual behaviors involving unwilling persons or persons unable to give legal consent

Pedophilia

- Recurring, intense sexually arousing fantasies, urges or behavior involving children

 - Publicly argued that pedophiles should be referred to as “minor attracted persons” because it is less stigmatizing
 - Placed on administrative leave from Old Dominion University after public backlash
 - Stepped down and was hired by Johns Hopkins University center aimed at preventing child sexual abuse

Current Sex Trends

So What Is Out There?

Why is this important to know?

- Everyone in this room gets paid to interview sex offenders
 - We all have the crazy stories of what is out there and what we have come across in our interviews
 - We can all help train each other by sharing our knowledge
- List is just a small sampling of what is happening in our world
 - Gender Fluidity
 - Polyamorous relationships
 - Furies
 - Hentai as a replacement for CP
 - SHARP
 - Sexting
 - GPS services on social media platforms
 - Sex in exchange for vapes
 - Soaking
 - Anal sex as a way to maintain virginity
 - Only Fans
 - Offenders utilizing these trends to their advantage to victimize children

Offenders and
Predators are
Utilizing All of
These To Their
Advantage

Early Onset of Puberty

- Puberty is the process of physical maturation where an adolescent reaches sexual maturity and becomes capable of reproduction
- Seeing cases where children are having “consensual” sex starting around 10 years old
- Females
 - Typically begins between age 8-13
- Males
 - Typically begins between age 9-14

Gender Fluidity

Popular among
teens and pre-
teens

Identifying as
varying genders
and sexual
orientations

Offense can be
taken to

where

Offenders are
using this
confusion and
indecision to

Polyamorous Relationships

Defined as an ethical,
non monogamy

Involves having
multiple romantic
relationships with
multiple people

Not the same as
Polygamy

Polygamy believes
in having multiple
marriages to
multiple people

Common Polyamory Structures

Polyfidelity

- Partners in a group agree to not have sexual or romantic relationships with people who are not in the group

Triad

- Involves three people who are all dating one another, aka throuple

Quad

- Relationship involving four people who are all dating one another

Vee or “V”

- One person is dating two different people, but those people are not dating one another

Youth and Polyamory

What we are seeing

Juveniles not understanding what polyamory is

Claiming to be in a polyamorous relationship as
a means of having sex with multiple partners

Furries

- Individuals who are especially interested in anthropomorphic or cartoon animals
- Fursuiting- wearing costumes that resemble anthropomorphic animals
- Erotic Target Identity Inversion (ETTI): Sexual arousal by the fantasy of being the same kinds of individual to whom they are sexually attracted

Furries And Our Youth

- Going to school wearing animal ears, tails etc
- Considered cosplay
- Create a “fursona”
- Don’t identify as animals, they identify with animals
- Rumors all over the internet about kids demanding litter boxes at school
- Furries are bullied at school

Hentai

- Hentai is being utilized as a free and accessible alternative to child sexual abuse material

Is it Illegal?

Should it be a disqualifier on pre-employment exams?

Federal
