

## ***ICAC Polygraph***

*This block of instruction focuses on what brings ICAC investigators to the residence where the search warrant is being served. It will include the technology law enforcement uses to conduct these investigations, including Cybertips, P2P investigations, and undercover chats. The presentation will also include a review of an ICAC pre-test booklet, which can be used in these investigations. The booklet will be provided for all attendees for use in the field.*

### **Rob Soop**

Senior Instructor, Northeast Counterdrug Training Center, Polygraph Institute (NCTC), PCSOT Instructor – M.S. Administration of Justice. – Primary Instructor at the NCTC Polygraph Training Center. Retired law enforcement examiner. I am a thirty-three-year law enforcement veteran with 12 years with a local police department and 21 years with the PA Office of Attorney General.
